Education

Atish Dipankar University of Science and Technology

Bachelor of Science in Computer Science and Engineering

Dhaka, Bangladesh

Jan 2024 – May 2027

Relevant Coursework

- Data Structures
- Digital Logic Design
- Discrete Mathematics
- OOP (Java)
- Microprocessor & Assembly
- Data Communication

Technical Skills

Languages & Concepts: C, C++, Java, JavaScript, TypeScript, Python, SQL, Latex Problem-Solving, Competitive Programming, Data Structures, Algorithms, OOP

Frontend: HTML, CSS, Chakra UI, JavaScript, React (MERN), Next.js, Tailwind, Bootstrap

Backend: Django, Express.js, Node.js (MERN)

Database: MySQL, PostgreSQL, MongoDB

Tools: Git, GitHub, Figma, GitBook, Notion, VS Code, LaTeX

Operating Systems: Windows, Linux (Ubuntu)

Soft Skills: Communication, Collaboration, Adaptability, Leadership, Time Management, Flexibility, Decision-Making

Experience

Software Developer Intern

Thinkcrypt.io

May 2025 – Present

Banani, Dhaka, Bangladesh

- Building full-stack features using the MERN stack with a focus on scalable APIs and responsive UI.
- Developed frontend interfaces with Next.js, Chakra UI, Tailwind; handled state using Redux Toolkit.
- Collaborating with a 4-member team to fix bugs, improve performance, and deliver key features.
- Ensured efficient version control and team collaboration using Git and GitHub.

Projects

Onubhuit | *Next.js, TypeScript, PostgreSQL, Tailwind CSS*

March 2025 – April 2025

- Built a fully responsive social media app featuring posts, photo sharing, follow/unfollow, and real-time notifications.
- Implemented secure user authentication with Clerk and optimized image uploads using UploadThing.
- Enhanced user experience with profile management and dark/light mode support.

Certifications

Front-end Development – Sheriyans Coding School: Covered HTML, CSS, JavaScript, GSAP, Locomotive, Scroll Trigger, Shery.js, React.js, Tailwind, Redux, and modern web development principles.

Python (Basic) – HackerRank: Validated foundational Python skills, including data types, control structures, functions, and problem-solving.

Leadership & Volunteer Experience

Campus Ambassador

Phitron

May 2025 – Present

Virtual Platform

- Representing Phitron to promote tech education and coding culture on campus
- Planning to organize workshops and peer learning sessions to build a strong community
- Actively participating in monthly tech upskilling events and networking opportunit
- Preparing myself for upcoming internship and certification opportunities while contributing to LinkedIn branding
